LIST OF CHEMICAL COMPOUNDS AUTHORIZED FOR USE UNDER USDA MEAT, POULTRY, RABBIT, AND EGG PRODUCTS INSPECTION PROGRAMS

Supplement - Effective as of July 1, 1978

UNITED STATES
DEPARTMENT OF
AGRICULTURE

QUALITY SERVICE

CHEMISTRY DIVISION,
SCIENCE

MPI-8

HOW TO USE THIS SUPPLEMENT

When attempting to confirm the authorization for a particular compound, first check the complete listing in the previous edition of the "List Of Chemical Compounds." Whether or not the compound appears in that listing, also check this supplement to see if there has been an amendment to the complete listing which affects that compound. Amendments to the complete listing of compounds are indicated by a three character prefix followed by a slash mark. The prefixes used and the explanation of their meanings are as follows:

add/-indicates that authorization for the firm or compound following has been issued since the complete listing was printed. If the prefix precedes a firm name, authorization for all compounds below that firm name has been issued since the complete listing was printed.

del/-indicates that authorization for the firm or compound has been terminated since the complete listing was printed. If the prefix precedes a firm name, the authorization for all compounds listed under that firm name in the complete revision has been terminated.

chg/-indicates that authorization for the firm or compound has changed since the complete listing was printed. If the name of a firm or compound has changed, the former name under which it was authorized in the complete revision is identified on the following line. If no former name follows a compound change, the only amendment is in the category code letters indicating the authorized uses of the compound. The amendment may be the addition, deletion, or change of one or more category codes.

LIST OF CHEMICAL COMPOUNDS
AUTHORIZED FOR USE UNDER USDA
MEAT, POULTRY, RABBIT, AND EGG
PRODUCTS INSPECTION PROGRAMS

INTRODUCTION

This supplement lists changes in, additions to, or deletions from the complete "List of Chemical Compounds" effective January 1, 1978. This supplement is to be used in conjunction with that publication, not as a replacement for it.

THIS SUPPLEMENTARY LIST IS EFFECTIVE AS OF JULY 1, 1978

Compounds authorized by letters from the U.S. Department of Agriculture after the effective date of this supplement are also acceptable.

CHANGES TO THE TEXT (PAGES 1 THROUGH 12)

Wherever the term "Laboratory" appears, replace it with the term "Unit" except on page 3, 3. paragraph 2 line 1, change "Laboratory" to "Section"; wherever the name "Scientific Services" appears, replace with the name "Chemistry Division, Science" and wherever "Staff" appears, replace with the term "Division"

On page 1, under Introduction, paragraph 1:

Line 3-Insert ", Shell Egg Grading" after Rabbit

Line 6-Replace with "Safety and Quality Service, for use in their shell egg grading and egg products inspection programs."

On page 1, under Compounds Which Require Evaluation, Listed Compounds, paragraph 1:

Line 3-Insert after rabbit, "shell egg grading"

On page 2, 2., paragraph 4:

Line 1-Insert "by them" after "sent"

Line 2-Remove "by FSQS"

On page 3, 4., paragraph 2:

Line 1-Replace with "Acting Director"

On page 3, 5., paragraph 2:

Line 1-Remove "FSQS"

On page 3, 5., paragraph 2:

Line 2-Remove "Scientific Services" and replace with Food Safety and Quality Service" and change "group" to "Agency"

On page 5, 6:

Replace entire paragraph with "Compounds used in holding pens, trucks, transporting cages, etc.

Compounds such as pesticides, disinfectants or cleaners used in transporting or holding facilities for animals prior to slaughter, or on animals being transported or held prior to slaughter, chemicals for deodorizing or dissolving animal waste; or other similar compounds specifically designated by the Compounds Evaluation Unit require no evaluation or authorization by USDA prior to their intended use."

On page 7, I.

Replace lines 1 and 2 with "Eggs that have been destained with these compounds are to be rewashed and spray rinsed with potable water."

On page 9, Z., paragraph 4:

Line 8-Change "of" to "or"
